THE OPPORTUNITY

Invest in Open Arms' mission to provide community-based support during pregnancy, birth, and early parenting to nurture strong foundations that last a lifetime. Our evidence-informed programs serve over 500 birthing people and their babies each year. Our event is a joyful and inspirational celebration of our community of partners, donors, and new friends.

THE AUDIENCE

Open Arms has over 1,000 annual supporters, predominantly professionals and families living in greater King County.

They are:

- Interested in supporting local, progressive, community-minded organizations and businesses
- Passionate about health, children, and healthy parenting
- Leaders from the medical, early learning and health policy communities

WHY YOU SHOULD SUPPORT OPEN ARMS

Open Arms gets results. Our services support the lifelong health and well-being of new birthing people and their babies, including reducing maternal and infant mortality and increasing parent-child bonding, breast/bodyfeeding rates and other indicators of parental, child, and family resilience.
