

DONATION GUIDELINES

Open Arms offers a free Baby Boutique where families in need can access diapers and essential baby items. With support from WestSide Baby and generous community donors, we're able to serve ~120 families each month.

Your donations go directly to families in our community.

To help us offer every family dignity and care, we ask that donated items be clean, functional, up to date, and in excellent condition—something you'd feel proud to give to a baby or family you love.

HIGHLY REQUESTED ITEMS
